Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My insurance restricts the amount of
medication I can receive at one time, therefore
I must order monthly. I need to receive this medication
by mail because no one in my area provides it.
It is the only hormone replacement therapy I
have been able to tolerate without serious side effects.
If you were to disallow my medication to be
mailed to me, I would suffer serious consequences.
